1. CORPORATE INFORMATION

A. Formation of the Corporation

In February 2017, Lundin Petroleum AB ("Lundin Petroleum") announced its intention to spin-off its assets in Malaysia, France and the Netherlands into a newly formed company called International Petroleum Corporation ("IPC" or the "Corporation") and to distribute the IPC shares, on a pro-rata basis, to Lundin Petroleum shareholders (the "Spin-Off").

IPC acquired these assets through a series of reorganization transactions (the "Reorganization") which are summarized in a non-offering long form prospectus of IPC dated April 17, 2017 (the "Final Prospectus"), filed with the Alberta Securities Commission on the same date. The Reorganization was completed on April 7, 2017.

Prior to opening of trading on Toronto Stock Exchange and Nasdaq First North, Lundin Petroleum distributed all of the Common Shares on a pro-rata basis to Lundin Petroleum shareholders of record as of close of business in Stockholm on 20 April 2017 ("Record Date") and such holders of Lundin Petroleum shares received one Common Share for every three shares of Lundin Petroleum held as of the Record Date. Further information in respect of IPC, the Reorganization and the Spin-Off are available in the Final Prospectus. A copy of the Final Prospectus may be obtained on SEDAR at www.sedar.com under the profile of IPC.

The results of the IPC business are included in the Lundin Petroleum financial statements in the reporting period and are shown as discontinued operations. The distribution and first day of trading of IPC's shares on the TSX and Nasdaq First North occurred on April 24, 2017.

B. Basis of preparation

The interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting and International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). The financial statements include the accounts of the Corporation from the Spin-Off date of April 24, 2017 and also incorporate the carve-out combined financial statements of IPC as if it had operated as a stand-alone entity prior to this date – see section 'Basis of Preparation Prior to the Spin-Off date' below.

The financial information for IPC is presented in United States Dollars (US\$) thousands. It has been prepared on a historical cost basis, except for items that are required to be accounted for at fair value. Intercompany transactions and balances have been eliminated.

Basis of preparation prior to the Spin-Off date

Prior to the Spin-Off date, financial statements were not prepared for the assets that were spun-off as they were not operated as a separate business by Lundin Petroleum AB and accordingly, the results up until the Spin-Off date have been carved out from the historical consolidated financial statements of Lundin Petroleum AB. The carve-out combined financial statements have been derived from the accounting records of Lundin Petroleum on a carve-out basis and should be read in conjunction with Lundin Petroleum's annual consolidated financial statements and the notes thereto for the year ended December 31, 2016 and Lundin Petroleum's quarterly report for the three and six months period ended June 30, 2017.

As the carve-out combined financial statements represent portions of Lundin Petroleum's business, which were not previously organized into a single legal entity, the net assets of IPC have been reflected as a Parent Company net investment.

The majority of the assets and liabilities in the carve-out combined statements of balance sheet of IPC have been derived from the following legal entities which were historically a part of Lundin Petroleum before the Spin-Off:

- Lundin Services Limited
- IPC Netherlands BV (formerly known as Lundin Netherlands BV)
- IPC Netherlands Facilities BV (formerly known as Lundin Netherlands Facilities BV)
- IPC Petroleum Holdings SA (formerly known as Lundin Holdings SA)
- IPC Petroleum France SA (formerly known as Lundin International SA)
- IPC Petroleum Gascogne SNC (formerly known as Lundin Gascogne SNC)
- IPC Malaysia BV (formerly known as Lundin Malaysia BV)

Three and six months ended June 30, 2017 UNAUDITED

Expressed in US\$ Thousands unless otherwise stated

In addition, the activities of International Petroleum BV (formerly known as Lundin Petroleum BV) which relate to the Malaysia, France and the Netherlands oil and gas businesses acquired by IPC from Lundin Petroleum and the legacy non-producing interests and non-active entities transferred as part of the Reorganization have been included in these financial statements to the extent separately identifiable.

The preparation of financial statements requires management to make certain estimates and assumptions, either at the balance sheet date or during the year that affect the reported amounts of assets or liabilities as well as expenses. Actual outcomes and results could differ from those estimates and assumptions. In particular due to the fact that the presented historical combined financial information has been extracted from Lundin Petroleum's financial information the following has to be considered:

- In the past, the business of IPC did not form a separate legal company. Therefore it is not possible to provide an analysis of share capital and reserves. The Corporation's invested capital in these combined financial statements represents the excess of total assets over total liabilities. Net parent company investment primarily represents the contributions from Lundin Petroleum prior to the Spin-Off. The net assets of the Corporation are represented by the cumulative investment of Lundin Petroleum prior to the Spin-Off in the business (presented as "net parent company investment").
- Prior to the Spin-Off, all funding of the Corporation came from Lundin Petroleum. These historical funding costs of Lundin Petroleum are not allocated to the operations and have therefore not been reflected in the combined income statement or combined balance sheet.

C. Going concern

The Corporation's operations are expected to be funded for at least the next twelve months and therefore the financial statements have been prepared on a going concern basis.

D. Changes in accounting policies and disclosures

During the six months ended June 30, 2017, the Corporation did not adopt any new standards and interpretations or amendments thereto applicable for financial periods beginning on or after January 1, 2017.

E. Future accounting changes

Accounting standards that have been previously issued by the International Accounting Standards Board ("IASB") but are not yet effective, and have not been applied by the Corporation, include International Financial Reporting Standards ("IFRS") 9 "Financial Instruments," IFRS 15 "Revenue from Contracts with Customers" and IFRS 16 "Leases."

IFRS 9 "Financial Instruments" will replace IAS 39 "Financial Instruments: Recognition and Measurement." IFRS 9 introduces a revised model for classification and measurement, a forward-looking "expected loss" impairment model and a substantially reformed approach to hedge accounting. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with earlier adoption permitted. The Corporation plans to adopt the standard beginning January 1, 2018. A preliminary assessment has been made and it is anticipated that there will be no material change as a result of adopting this new standard.

IFRS 15 "Revenue from Contracts with Customers" provides guidance on the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer. The effective date of the standard is January 1, 2018, with earlier adoption permitted. The Corporation is in the process of analyzing all its contracts with customers with respect to the application of IFRS 15. The Corporation expects to quantify the impact of the adoption of IFRS 15 by the third quarter of 2017 as it plans for adoption on January 1, 2018.

IFRS 16 "Leases" requires lessees to recognize assets and liabilities for most leases. Application of the standard is mandatory for annual reporting periods beginning on or after January 1, 2019, with early adoption permitted. A preliminary assessment has been made and it is anticipated that there will be no material change as a result of adopting this new standard.

Three and six months ended June 30, 2017 UNAUDITED

Expressed in US\$ Thousands unless otherwise stated

2. SEGMENT INFORMATION

IPC operates within several geographical areas. Operating segments are reported at country level which is consistent with the internal reporting provided to IPC Management.

The following tables present segment information regarding; revenue, production costs, exploration and evaluation costs, impairment costs of oil and gas properties and gross profit and certain asset and liability information. In addition segment information is reported in Note 5 and 6.

10. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include only cash at hand or held in bank accounts.

11. OUTSTANDING SHARE DATA

The common shares of IPC started trading on both the Toronto Stock Exchange and the Nasdaq First North in Stockholm on April 24, 2017 with a total of 113,462,148 common shares issued and outstanding. As part of the share purchase offer by a subsidiary of IPC announced following listing, 25,540,302 common shares were tendered (including the 22,805,892 common shares owned by Statoil) and, as part of a subsequent internal reorganization, these shares were subsequently cancelled. The total number of common shares issued and outstanding in IPC is now 87,921,846.

International Petroleum BV, a wholly-owned subsidiary of IPC, holds 117,485,389 class A preferred shares of IPC.

12. EARNINGS PER SHARE

Basic earnings per share is based on net result attributable to the common shareholders and is calculated based upon the weighted-average number of common shares outstanding during the periods presented. For comparative purposes, the Corporation's common shares issued under the Spin-Off and reduced by the share purchase offer, have been assumed to be outstanding as of the beginning of each period prior to the Spin-Off.

Three and six months ended June 30, 2017 UNAUDITED

13. SHARE-BASED PAYMENTS

The Corporation has the following share-based compensation plans: a stock option plan ("Stock Option Plan") and a one-time transitional performance and restricted share plan, under which awards have been made in performance shares ("IPC transitional PSP") in connection with the Spin-Off.

The Stock Option Plan was approved by the Board and provides for the grant of stock option awards to employees, consultants and directors. The plan gives the participants a right to buy common shares of IPC at an exercise price equal to the market value at the date of grant. The Board granted stock options under the Stock Option Plan on February 21, 2017 with a three year vesting period and a four year term, whereby the stock options vest equally in three tranches: one third after one year, one third after two years and the final third after three years. The plan is effective from February 21, 2017 and the total outstanding number of stock options at June 30, 2017 is 1,856,600. Each original stock-option was fair valued at the date of grant at C\$ 2.01 using an option pricing model.

In connection with the Spin-off, the Corporation agreed to put in place certain one-time transitional equity-based compensation plans for certain officers and employees of the Corporation. The IPC transitional PSP and IPC transitional RSP awards were made effective as of April 24, 2017 and vest subject to certain conditions.

The 2015 IPC transitional PSP awards are effective from April 24, 2017 subject to certain performance conditions being met. The total outstanding number of awards at June 30, 2017 is 421,262 which vest on June 30, 2018. 75 percent of the awards will vest subject to continued employment only and have been fair valued at the grant date at C\$ 4.77. The remaining 25 percent will vest subject to continued employment and on a straight-line basis for the share price performance between 100 percent and 125 percent of C\$ 4.77 and have been fair valued at the grant date at C\$ 2.50 using an option pricing model.

The 2016 IPC transitional PSP awards are effective from April 24, 2017 subject to certain performance conditions being met. The total outstanding number of awards at June 30, 2017 is 733,307 which vest on June 30, 2019. 75 percent of the awards will vest subject to continued employment only and have been fair valued at the grant date at C\$ 4.77. The remaining 25 percent will vest subject to continued employment and on a straight-line basis for the share price performance between 100 percent and 125 percent of C\$ 4.77 and have been fair valued at the grant date at C\$ 2.79 using an option pricing model.

The 2015 IPC transitional RSP awards are effective from April 24, 2017. The total outstanding number of awards at June 30, 2017 is 35,088 which vest on May 31, 2018, subject to continued employment. Each award was fair valued at the grant date at C\$ 4.77.

The 2016 IPC transitional RSP awards are effective from April 24, 2017. The total outstanding number of awards at June 30, 2017 is 117,702 which vest on May 31, 2018 and on May 31, 2019, subject to continued employment. Each award was fair valued at the grant date at C\$ 4.77.

Financial assets	56,040	54,526	5	_	1,509

¹ Prepayments are not included in other current assets, as prepayments are not deemed to be financial instruments

December 31, 2016 US\$ Thousands	Total	Other liabilities at amortized cost	Financial liabilities at amortized cost	Fair value recognized in profit or loss
Joint operation creditors	14,698	14,698	_	_
Other current liabilities	4,544	4,544	_	_
Financial liabilities	19,242	19,242	_	_

The fair value of loan receivables and other receivables equal the book value.

For financial instruments measured at fair value in the balance sheet, the following fair value measurement hierarchy is used:

- Level 1: based on quoted prices in active markets;
- Level 2: based on inputs other than quoted prices as within level 1, that are either directly or indirectly observable;
- Level 3: based on inputs which are not based on observable market data.

Based on this hierarchy, financial instruments measured at fair value can be detailed as follows:

Three and six months ended June 30, 2017 UNAUDITED

Expressed in US\$ Thousands unless otherwise stated

June 3	30, 2	017
--------	-------	-----

US\$Thousands	Level 1	Level 2	Level 3
Other current receivables	_	_	1,006
Financial assets	_	-	1,006

December 31, 2016

US\$Thousands	Level 1	Level 2	Level 3
Other current receivables	_	_	1,509
Financial assets	_	_	1,509

18. RELATED PARTIES

As at the date of the Spin-Off, the Corporation had a residual liability for working capital owed to Lundin Petroleum of USD 27,429 thousand which has been reduced to USD 24,429 thousand as at June 30, 2017. This amount is reflected as a current liability as it is expected to be paid before June 2018.

In addition, Lundin Petroleum has charged the Corporation USD 136 thousand in respect of office space rental since the Spin-Off date. IPC has charged Lundin Petroleum USD 176 thousand in respect of consultancy fees in 2017. The Corporation has also accrued an amount for shared services provided by Lundin Petroleum since the Spin-Off.
